The all-eco alternative,  
with a social heart,  
comfort with a conscience.

### **From Palm leaves to Palm Sandals**

We found something unique in a dry fallen leaf. It was being used as a disposable plate but we saw more in it than that. With the help of local farmers we collected the dry fallen leaves and softened them with natural oils and had local crafts people turn them into beautiful soft ecological sandals, named:

**Palm Sandals**
